INTERNET

- I understand that the Internet can provide students with valuable learning experiences.
- I also understand that it gives access to information on computers around the world: that the school cannot control what is on those computers and that a very small part of the information can be illegal, dangerous or offensive.
- I accept that, while teachers will always exercise their duty of care, protection against exposure to harmful information must depend finally upon responsible use by students.
- **STUDENT:**
 - While I have access to the Internet, I will use it only for educational purposes and I will NOT look for anything illegal, dangerous or offensive. If I accidentally come across something that is illegal, dangerous or offensive I will immediately clear any offensive pictures or information from my screen and immediately and quietly inform my teacher.
 - I will not reveal my own or others' home address or phone numbers.
 - I will not use the Internet to annoy or offend anyone else.
 - I understand that if the school decides I have broken any of these rules, appropriate action will be taken. This may include loss of my Internet access for some time.
